

SHIP NAME	MAKE & MODEL	SILHOUETTE	MAX SPEED	HANDLING	ARMOR	HYPERDRIVE	NAVICOMP

◆ HULL TRAUMA

THRESHOLD

Damage – Armor. Mark left to right; past the threshold the ship is crippled and takes an immediate critical hit.

◆ SYSTEM STRAIN

THRESHOLD

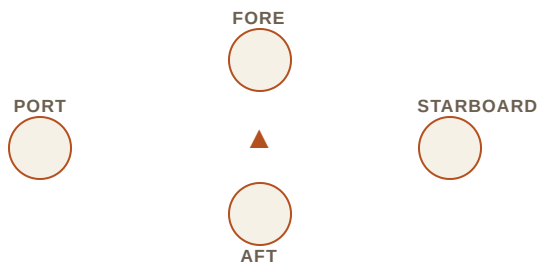

Ion damage, Punch It, the pilot's 2nd maneuver (2), boosted shields (1). Past the threshold: dead in space until repaired below it.

CURRENT SPEED 0 1 2 3 4 5

Circle it in pencil. Evasive Maneuvers and Stay on Target need speed 3+; speed 0 is a parked target.

◆ DEFENSE ZONES

Write current defense per zone; each point =  on shots into that zone. Angling deflectors moves a point between zones — pencil, not pen. Two-zone ships use Fore and Aft only.

◆ THIS ROUND — STATUS

- ☐ **Evasive Maneuvers**
attacks in & out upgraded; until pilot's next turn
 - ☐ **Advantage gained**
vs _____ · we pick their zone; until end of next round
 - ☐ **Shields boosted**
+1 to zone _____ · until _____
 - ☐ **Stay on Target**
crew checks upgraded — attackers' too
 - ☐ **Advantage against us**
they ignore our evasion & pick our zone
 - ☐ **Hull repair used**
once per character per encounter — initials: _____

◆ WEAPONS

WEAPON	FIRE ARC	DAM	CRIT	RANGE	QUALITIES

Gunnery difficulty by size: target 2+ silhouettes bigger  · within 1  · 2+ smaller    — plus  per defense point in the zone hit. Crit: **Adv** = Crit rating or **TRIUMPH**.

◆ CRITICAL HITS

D100	RESULT	EFFECT IN PLAY	FIXED?

Each existing critical hit adds **+10** to the next crit roll. Repairing crits takes time in dock, not a combat action.

◆ CONTACTS — RANGE TO US

CONTACT	CLOSE	SHORT	MED	LONG	EXTREME

One row per enemy or objective — circle its band in pencil and move it as the chase moves. The faster ship dictates the chase.

◆ STATIONS THIS FIGHT

PILOT _____ CO-PILOT _____

GUNNER _____ GUNNER _____

ENGINEER _____ SENSORS / COMMS _____

Damage control (Mechanics): ■ at ≤ half threshold · ■■ over half · ■■■ past it — recover hull trauma *or* system strain = **Successes**. **Boost shields** (Hard Mechanics): ship takes 1 strain, +1 defense to one zone. Full station menus: the Starship Operations sheet.

◆ NOTES — QUIRKS, DAMAGED PARTS, CARGO THAT MATTERS
